

The image shows the interior of the Nicollet Island Pavilion, a large event space with a high ceiling and exposed brick walls. The room is filled with round tables covered in white tablecloths, each surrounded by dark brown chairs. The tables are decorated with white and pink floral centerpieces. The walls feature several large arched windows and doors, some of which are open, revealing an outdoor area. The ceiling is adorned with string lights and several large, multi-tiered chandeliers. A large, ornate floral arrangement hangs from the ceiling in the center of the room. The overall atmosphere is warm and elegant, suitable for formal events.

Ceremony Chairs
350 Available

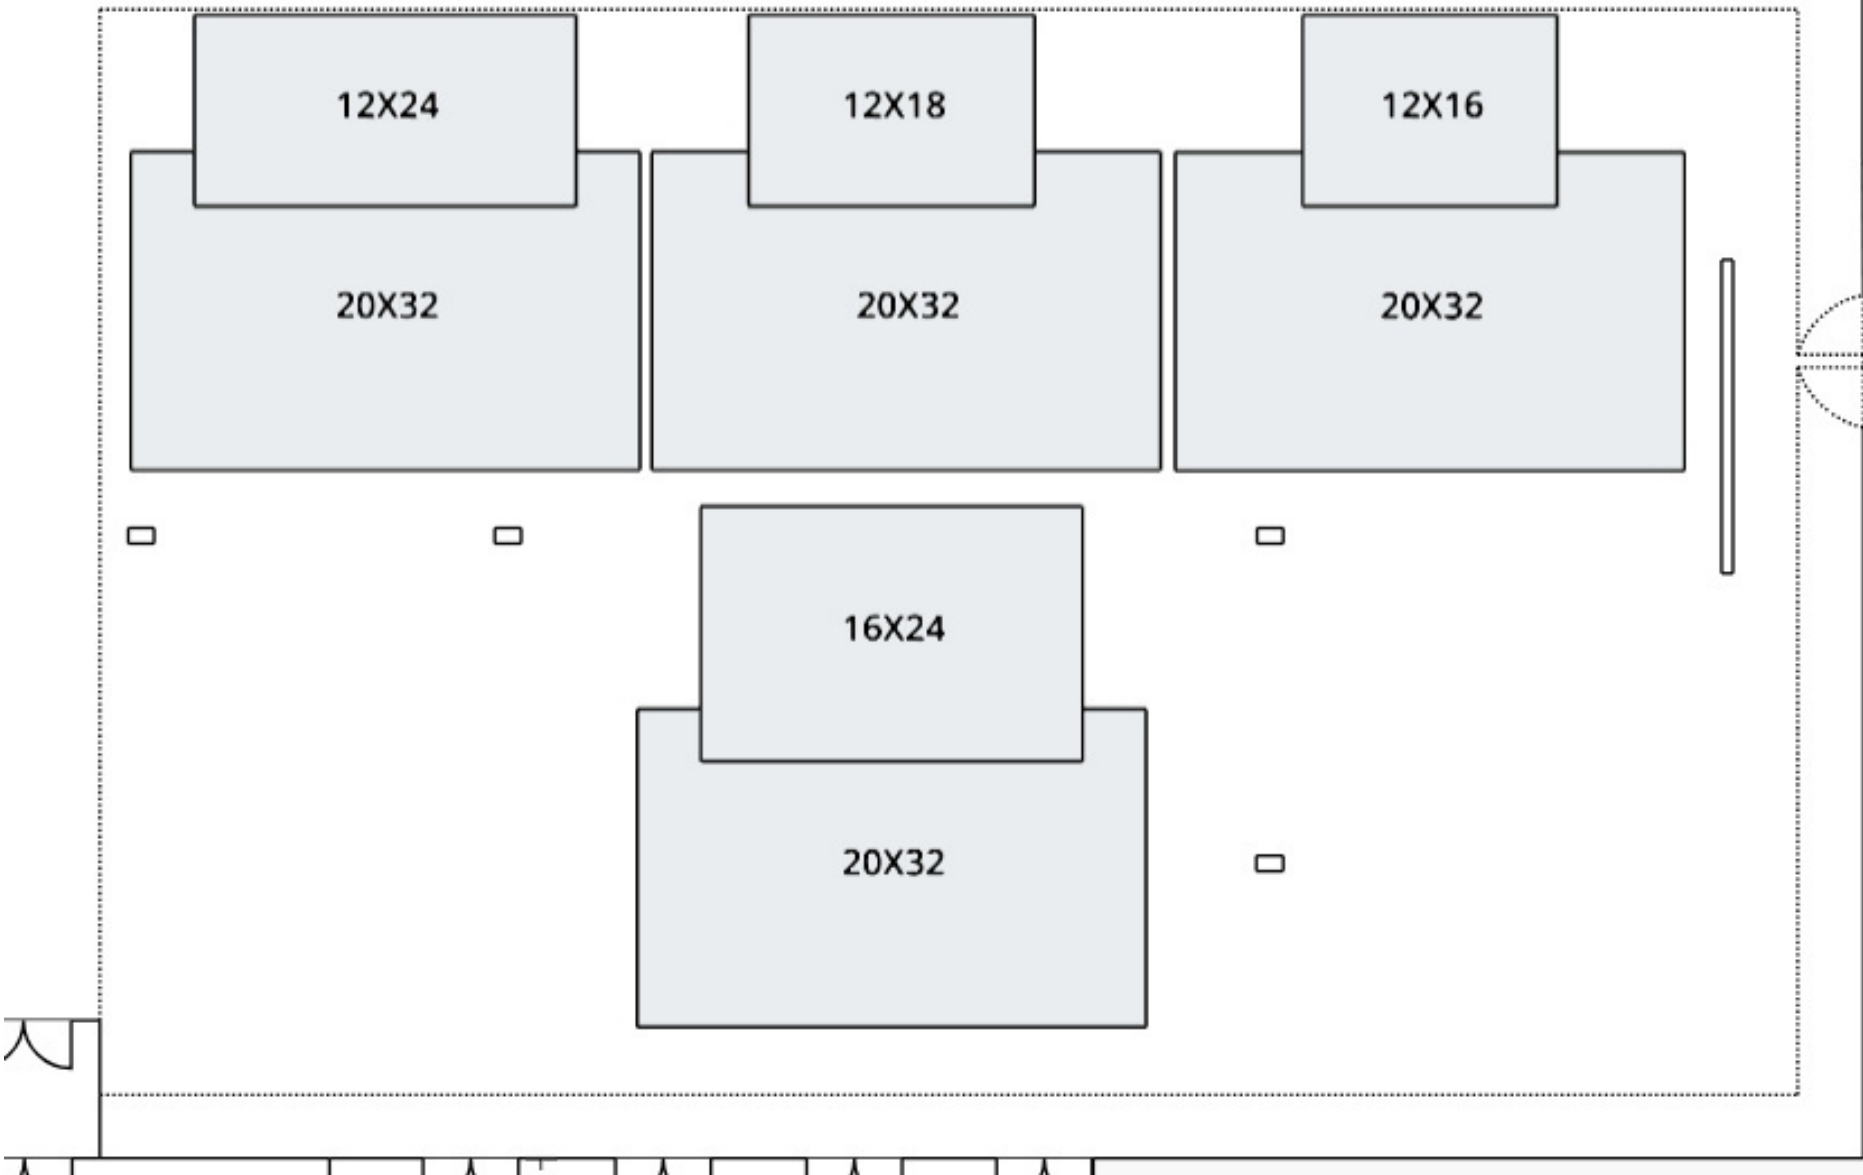

STAGING

STAGE SIZES – Most bands need a 12'x24' stage which works well with a dance floor center of room. From the parking lot side to the center columns, there is only 33' for a stage & dance floor (indicated in red). If your band required a deeper stage, your dance floor needs to be smaller or narrower because of the center columns.

Our stage pieces are 8x4' and we have 12 pieces available. Stage rental is \$300.

Your dance floor is included in your rental, and we can build it any size. We have 44 pieces available, each piece is 4'x4'.
